

Computer Game Programming Final Project

Rodrigo Nogueira

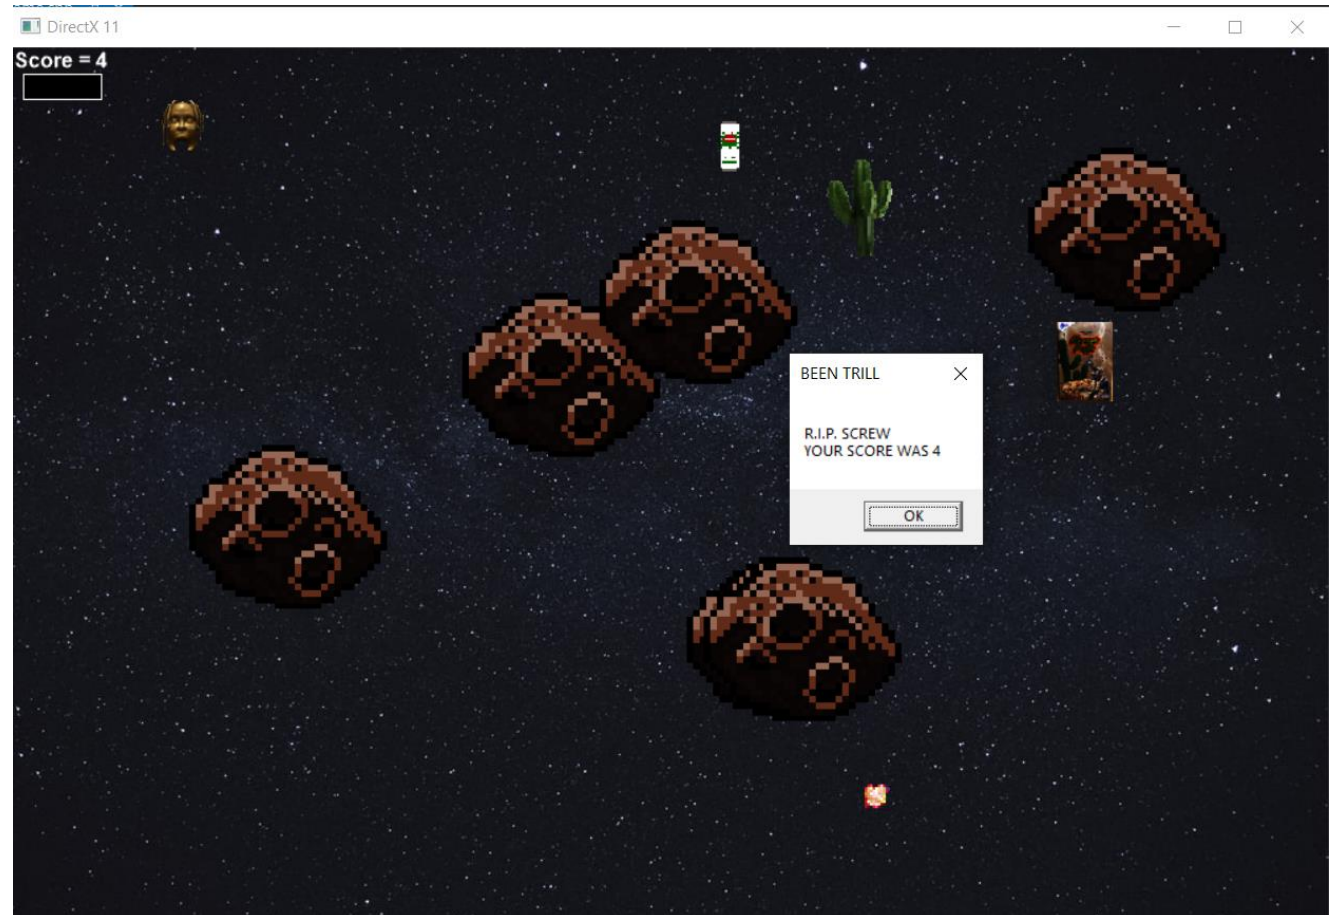

Travis Scott

There are meteors hurling towards you that you have to dodge. They get faster and faster as time progresses.

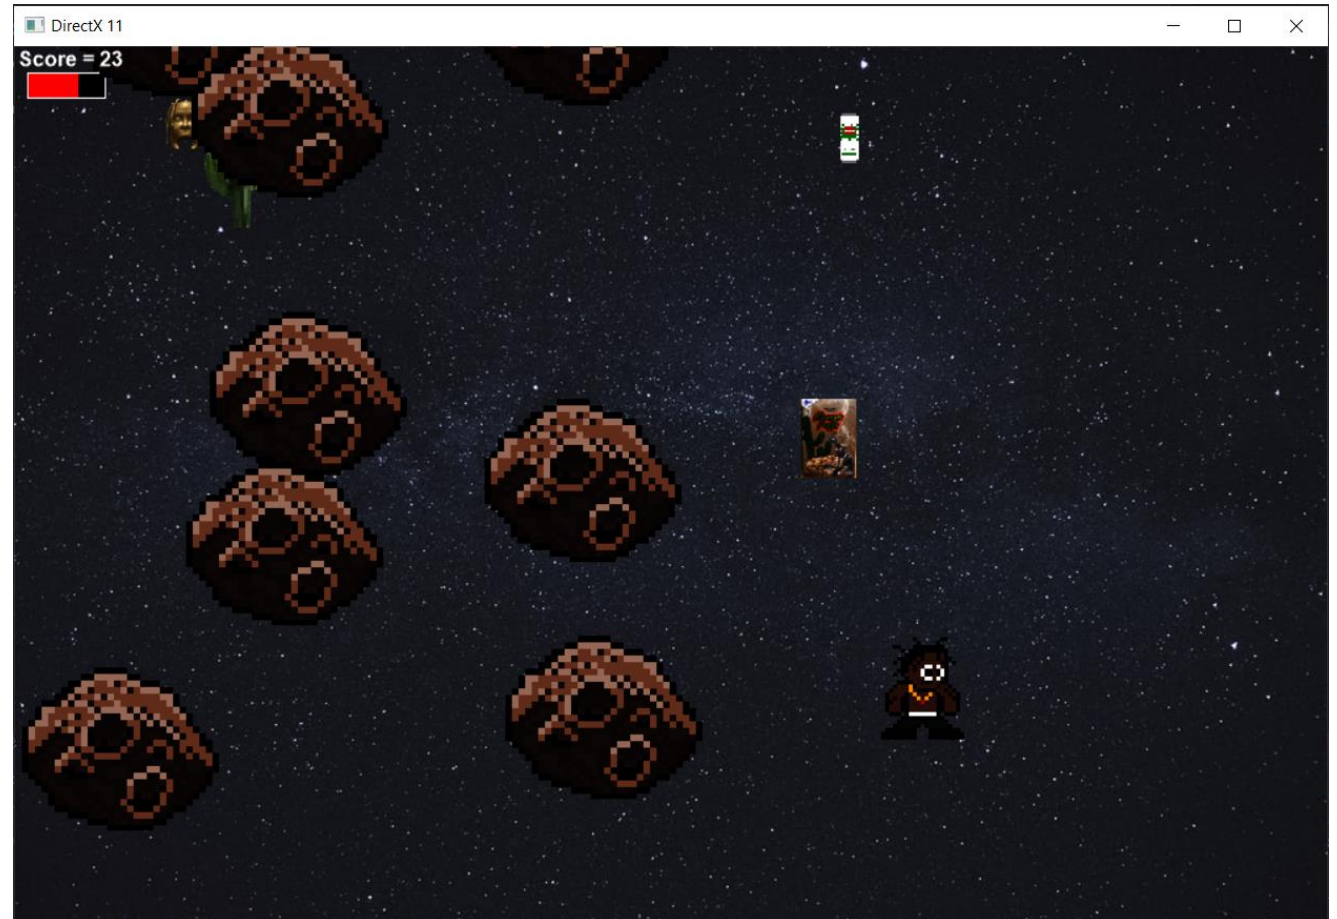

Death

If you get hit with a meteor, you explode and a gameover message appears.

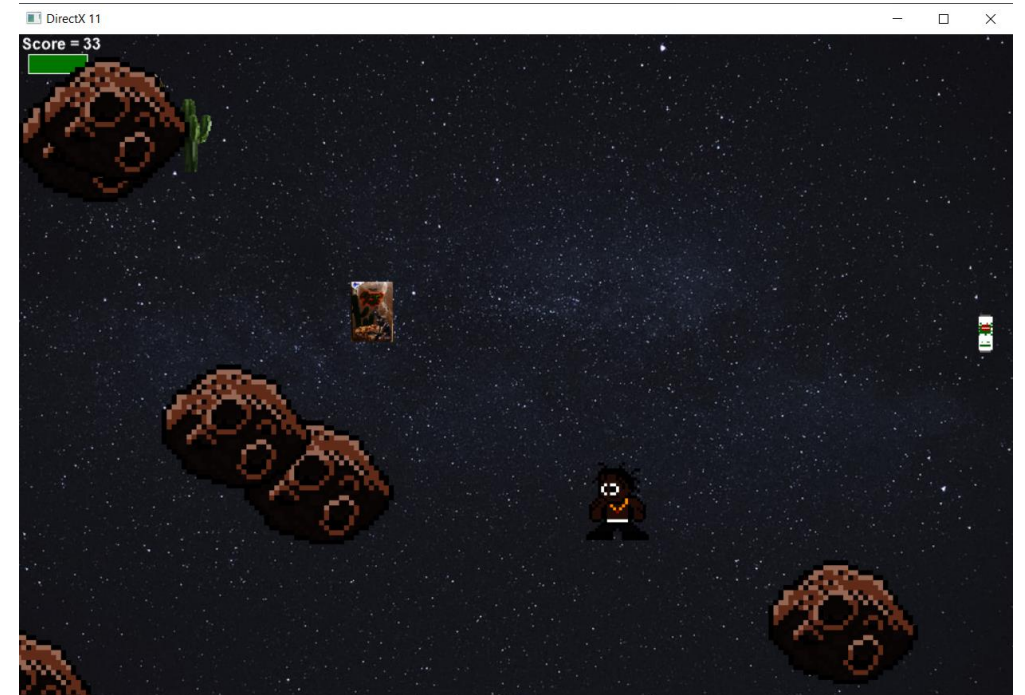

Power Up Bar

As you pick up items and earn score, your powerup bar fills up.

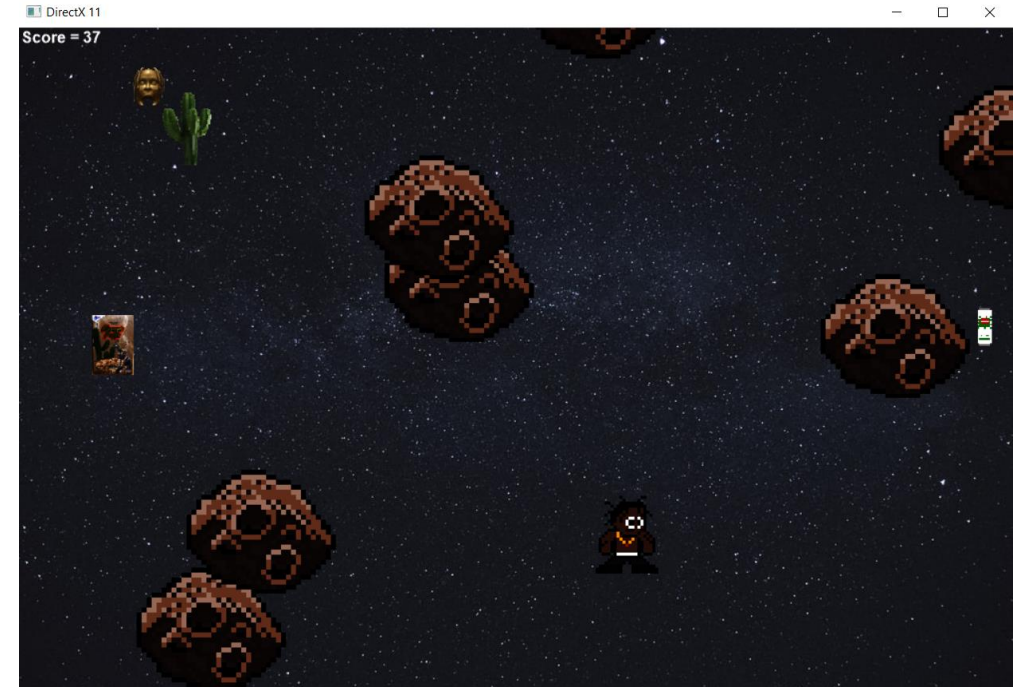

Power Up Bar

- Once the bar fills up and turns green, Travis becomes immune to a meteor. If you get hit by one, the meteor gets destroyed and the power up bar gets used up.

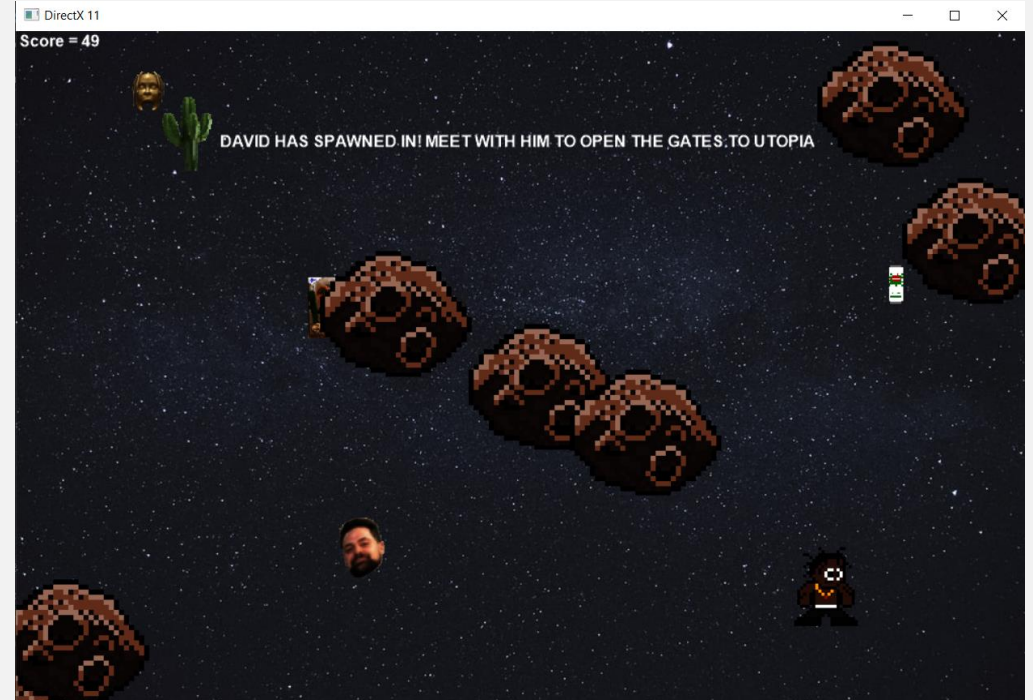

Endgame

- At this point, the objective to the game is just to earn points to reach a high score... until someone pops up.

David Stromberg

Once David Stromberg spawns in, Travis has to meet with him.

Game Winner

Once Travis meets with David, he is earned with a winner's message and the game ends with your high score.
